The City Island Chamber of Commerce was established over 100 years ago, formerly the Board of Trade, to unite the businesses of City Island. Though the mix of businesses has changed, along with the Island and the times, we still believe that the same values and interests should hold us together. Fellowship, teamwork and a love of the Island we share – what brought the blacksmith, the sailor and the ship builder together then, unites us today. I encourage you to continue to join with your fellow business associates. Together we continue to work to keep City Island the wonderful place to do business that it has always been and to support the Island and each other as we grow in the new millennium. Paul Klein, President
